Happy New Year!

Since joining the Board in May it has been a very busy time but also very rewarding. I have enjoyed getting to know the Board members as well as working with them. Our Board President, Colleen James, has fostered a positive teamwork approach

to all that needs to be accomplished for HSC.

I chair the Community Advisory Committee. I have the pleasure of working with Angie Newby, Janet Fink, Lynne Sinnhuber along with Marcia Boone, Lucy Mahan, and Sara Faulkner. All these ladies were the backbone of the silent auctions held at the Ice Cream Social and Oc-Elder Fest. This committee's focus is to communicate with membership/community, activities, nutrition, and foster community partnerships as well as help to garner resources to help with varying projects.

This committee has also helped with coordinating the Holiday Calm Workshop with Lucy Mahan, LPC to take place on December 18th. Also working on coordinating with the Homer Public Library to have a person work with residents both assisted living and independent living to procure books.

Angie Newby is working on the State Association of Realtors DEI (Diversity, Equity, and Inclusion) committee and Agism is their issue. Focus in our community is on Seniors and their ability to access adequate housing.

Christmas decorations helped to brighten up HSC both inside and out. Alana Greear was the idea person for the little scene on the patio outside of the dining room. I took her idea and put into motion procuring the snowman, Santa, and tree. Janet Fink helped set it all up along with putting garland on the gazebo and a tree topper for the tree.

Future plans for this committee are to generate a "Wish List" for projects that need to be accomplished to help HSC be the best it can be. By generating this list, we will be able to reach out to the community for help and they will know exactly what the needs are.

I appreciate all the support from the community, committee members, Board of Directors and our Executive Director, Sarah Weideman.

Shirlee Gribble

Vice President & Community Advisory Committee

Dear HSC Members, Volunteers, and Friends,

As we step into 2025, I wanted to share a quick update on some of the things happening at Homer Senior Citizens, Inc. First, I am pleased to report that we are making great progress on rebuilding our accounting records. The audit remains in progress, and all previously unreported payroll taxes have been accounted for. Our dedicated team is actively working with the IRS to negotiate terms for repayment, ensuring we handle this responsibly and effectively.

Unfortunately, I became very sick over the Christmas holiday and was unable to come down to celebrate with our amazing staff. After a few weeks of recovery, I am happy to report that I am back on my feet and rejoining the team onsite. It feels wonderful to be back, and I am excited to dive back into the work we all care so deeply about.

In other exciting news, I encourage you to stay tuned for the January board meeting, where we'll be sharing some fantastic updates. Partnerships from around the country are blossoming into great opportunities for HSC, and I can't wait to share more details with you all.

A huge thank you to everyone who donated during our Holiday Campaigns! Your generosity makes a significant difference in the lives of our seniors. A special thank you goes out to Dave and Beth Schroer for their incredibly generous donation of \$15,000.00 through the Homer Foundation. Your support is truly inspiring and deeply appreciated.

Thank you for your continued support and dedication to our mission. Together, we are creating a thriving community for Homer's seniors. Here's to a successful and inspiring 2025!

Spotting Text Scams: Stay Safe in the Digital Age

In today's connected world, text scams (also known as "smishing") are becoming more sophisticated and frequent. These fraudulent messages often appear to be from legitimate companies, government agencies, or even your bank, but they're designed to steal your personal information or money. Understanding how to identify these scams is the first step in protecting yourself.

Here's how to spot a text scam and what to do if you encounter one.

Common Characteristics of Text Scams

1. Unfamiliar Senders

Look out for texts from numbers you don't recognize, especially if they seem unusual or too good to be true. Scammers often use short codes or spoofed phone numbers.

2. Urgent Language

Scammers use urgency to make you act without thinking. Phrases like "Your account will be locked," "Act now," or "You've won!" are red flags.

3. Links to Unknown Websites

Legitimate companies rarely send links via text. If you receive a message with a link, don't click on it. Hover over it to see where it leads or visit the company's official website directly.

4. Requests for Personal Information

No trustworthy organization will ask for sensitive information like your Social Security number, bank account details, or passwords via text.

How to Protect Yourself

1. Verify the Sender

If a message claims to be from a legitimate company, contact them through their official customer service number to confirm its authenticity.

2. Avoid Clicking Links

Instead of clicking links, type the website's address into your browser to ensure you're accessing the real site.

3. Use Spam Filters

Many smartphones and carriers offer spam filtering services to block potential scams. Check your settings to enable these features.

4. Report Suspicious Messages

Report scam texts to your carrier by forwarding them to 7726 (SPAM) or to the Federal Trade Commission (FTC).

What to Do If You Fall for a Scam

If you've clicked on a link or shared information with a scammer, act quickly:

- Change your passwords for any affected accounts.
- Monitor your financial accounts for unauthorized activity.
- Contact your bank to flag potential fraud.
- Report the scam to your local authorities and the FTC.

The graphic features the FTC logo in the top left. The main text reads: "The FTC won't demand you pay" followed by a list: "by bank or wire transfer", "with cryptocurrency", and "with gift cards". Below this is a red warning triangle with an exclamation mark and the text "Only scammers do that." At the bottom, it says "Report impersonators at" followed by a dark blue button with the text "ReportFraud.ftc.gov". To the right of the text are icons: a blue house with a dollar sign and an arrow pointing right, a gold coin with a Bitcoin symbol, and a green gift box with a white ribbon.

Stay Vigilant and Safe

Text scams can be unsettling, but with knowledge and caution, you can avoid becoming a victim. Share these tips with your friends and family to help keep everyone safe.

If you're unsure about a message, trust your instincts—when in doubt, delete it.

By staying alert and taking proactive measures, we can all navigate the digital world safely. Let's look out for each other and keep our information secure!

We are thrilled to shine the spotlight on one of our incredible team members, Addie Hagala! Addie has been an invaluable asset to our HSC family.
